

IMP[®] 2

[Click Here For Larger Size Picture](#)

Built rugged on the inside and outside, this is the world famous DI found in pro systems everywhere. The IMP 2 converts a line or instrument level unbalanced signal to a low impedance mic level balanced signal.

Features include:

- 1/4" parallel wired in/out jacks
- Ground Lift switch to help isolate hum and buzz
- Uses Whirlwind's TRHL transformer

It's the ideal direct box for anyone requiring professional quality and durability in an economical package.

Model - IM2

Impedance Ratio (input to output): 133:1

Frequency Response: 20Hz-20kHz \pm 1dB

Level Change: (input to output): -20dB
