

STAGE BOXES

BK16

HBB20UP

These heavy-gauge, cold-rolled steel boxes feature a textured, black, powder-coat finish. They are the same boxes we use for our Medusa Snake systems.

They are available blank or punched and loaded with Whirlwind XLR and/or WCQF 1/4" TRS jacks.

Unpunched come with integrated carrying handle and rubber feet. Entry hole is not pre-punched and strain relief is not included.

BK boxes are punched for and include a wire mesh strain relief and any combination of numbered or lettered Whirlwind female or male XLR connectors or TRS 1/4" jacks. Specify connectors and numbers or letters when ordering. Numbers are 1 - 64, letters are A - Z.

Most boxes can be custom engraved as required for an additional charge.

Unpunched Black Boxes

Model	Height	Width	Length
HBB04UP	3.59"	9"	6.223"

HBBMINI6UP	2.5"	2"	8.375"
HBB12UP	3.59"	9"	10.223"
HBBMINI12UP	2.5"	2"	15"
HBB20UP	3.59"	9"	14.223"
HBB28UP	3.59"	9"	18.223"
HBB48UP	4.34"	17.1875"	16.225"
HBB58UP	4.34"	17.1875"	22.225"

**Punched Black Boxes with Connectors Installed, Kellums® Strain Relief Included
(Specify XLR-F, XLR-M and/or 1/4" TRS)**
